texts in multiple versions constitute the core problem of textual scholarship for texts from antiquity and the medieval period the many versions may be the result of manuscript transmission requiring editors and readers to discriminate between levels of authority in variant readings produced along the chain of copying for texts of all periods and particularly for more modern authors there may also be multiple authorial versions these are of particular importance for genetic criticism as they offer a window on the author's thinking through the developing work the different contexts in which multiple versions may occur different languages different genres different cultures ranging in this collection from ancient greek texts to novels by cervantes and aub dramatic texts from portugal and germany poetry from the netherlands and lithuania scientific texts from the 19th century provide further layers of complexity the histories of countries are reflected in the histories of editing in europe this can be seen particularly in the great period of nation building of the 19th century essays in this volume survey editorial activity in the netherlands belgium and germany in the nineteenth century concluding that nation building and scholarly editing are twinned as a nation searches for its own identity textual scholarship is pressed into service to find and edit the texts on which to establish that identity the two strands of this volume multiple versions of texts editions and national histories testify to the centrality of textual editing to many fields of research there is material here for literary scholars historians and for readers interested in texts from ancient greece to modernist classics

an excellent work that presents the research history of mao zedong it is the first book to delve into the history of translating publishing and disseminating mao zedong's works in over 20 languages notably the translation projects were not only led by the chinese government but also undertaken by universities and think tanks in the united states the united kingdom germany and other western countries against the backdrop of the cold war these projects stemmed from mao's ideology personal charisma and the western bloc's need to study china through an objective evaluation of extensive chinese archives the author showcases and discussed the influence of mao zedong's thoughts on the world

portraits of indigenous children and their communities from around the world in a stunning presentation emphasizing community and a connection to the land and the environment we are all one we all inhabit the same planet and we all have a common human origin this is the core theme of this important book each double page spread presents a contemporary and fascinating look at more than 20 indigenous peoples from across the globe these first nations were the first humans to inhabit their territories which are under threat today from civilization that seeks to profit from them and their lands in these societies a sense of community life prevails based on reciprocity solidarity mutual aid avoiding excess and honoring what nature provides indigenous peoples are also the guardians of 80 percent of terrestrial biodiversity they are the first conservationists of the natural environment franco uruguayan author nat cardozo has created a unique book with beautiful illustrations that blur the lines between humans and their environment and present a wide variety of ways of life from little known cultures in addition to collecting 22 first person stories this informative book is about the past and present of indigenous peoples recounting a long history of struggle and resistance and of defense not only of their territories but also of their languages and traditional ways of life this book provides a unique opportunity to acknowledge our common origin and reflect on how we might create a new unity for humanity to reconnect us to living things and bind us together again as one native tribes featured in the book are from all five continents and include kung orang rimba inuit tuareg moken anangu bijago evenki bribri cherokee mosuo uru chipaya tz utujil ngati hau wayuu q ero sami mbuti juchiteca gitxsan dongria kondh yanomami

this book is a new translation in contemporary english of miguel de unamuno s 1920 masterpiece book length poem about another masterpiece of western civilization diego velázquez s the christ of san plácido which is commonly known as the christ of velázquez the translation by william thomas little is accompanied by a full scholarly introduction and poem by poem commentary unamuno spain s foremost public intellectual of the early twentieth century considered this book his masterpiece this is a book of poetry and religious devotion as well as an ekphrasis that is a detail by detail meditation on one of the world s greatest paintings composed of eighty nine poems that are fully integrated one with the other the result is a masterpiece of spiritual meditation via poetical expression

this book explores the relationship between famous and fictional caribbean female bodies to literary and historical writing through her concentration on the perspectives of women writers her scrupulous attention to the specific histories of the different islands her interest in diasporic as well as local writing her embrace of texts in english french and spanish her insightful exploration of the poetics of allegory maude adjarian invites us to undertake a fundamental rethinking of the concept of national allegory this criticism is serious and substantial scholarly and responsible but also shrewd engaging and very refreshing ross chambers distinguished university professor emeritus the university of michigan caribbean writers and literary cultural theorists have traditionally associated the caribbean archipelago and caribbeanness with the female body in so doing however they have erased not only the bodies but the social historical and national experiences of real caribbean women allegories of desire explores the relationship between famous and fictional caribbean female bodies to literary and historical writing by looking at the works of six post 1980 caribbean women writer michelle cliff jamaica kincaid edwidge danticat j j dominique julia alvarez and rosario ferre m m adjarian uncovers patterns of female bodily resistance to subordination and oppression these patterns in turn identify the caribbean and caribbeanness with ungendered longings for freedom from the imperial twins of patriarchy and north atlantic colonialism rather than with an imagined and ultimately exploited feminine this compelling study will shed new light on caribbean literature

the focus of this book is the treatment of the akedah genesis 22 1 19 in the romanceros of spain portugal and the judeo spanish communities in exile the author demonstrates how the midrashic tradition has had a significant impact not only on the oral repertoire of the sephardic jews but also on contemporary spanish versions of the ballad known as el

sacrificio de isaac this fascinating study traces the evolution of a 16th century text into three modern day branches and examines how each has reflected the society and culture of its transmitters in the final chapter the author explores the theory that the peninsular version may have been preserved by crypto jews and conversos through the centuries as a powerful symbol of their destiny
